

# A Single Quote-to-Cash Solution for FinTech

Facing rapid changes brought on by continuous updates to digital technology, FinTech enterprises must adapt their approach to complex revenue lifecycle processes. A modern revenue management solution should be able to manage extreme volumes of data and monetize and bill for a variety of scenarios.

## BillingPlatform Supports FinTech Platforms

- Expand revenue pricing packages beyond recurring or one-time billing to retain customers
- Package, charge, invoice, and provision exactly how you want
- Handle massive volumes of transactions in a single solution
- Effortlessly manage complex scenarios involving usage, bundled, hybrid and subscription pricing for all kinds of platforms

BillingPlatform provides the power needed to automate enterprise grade revenue lifecycle processes.

**As we expanded, we needed a billing solution that could not only handle our growing volumes and complexity but also integrated to critical third-party solutions to round out the entire billing and revenue management process, and BillingPlatform emerged as the best solution for our needs.”**

Sarah Spoja, CFO

Our flexible and scalable platform puts companies in the FinTech Industry in control of how they differentiate in the market, maximize profitability, reduce operational costs and improve the customer experience. Our solution is designed to meet the challenge of modern monetization.
